Heavy Duty Commercial & Industrial Flooring Solutions

With over 13 years of experience, Urban Floors specializes in industrial concrete coatings, using high-quality products and staying abreast of new technologies.

Our flooring experts can cut through the misinformation and guide you to the most fit-for-purpose finish for your concrete flooring project, ensuring you make the best decision for your business.

In today's fast-paced world, the information surrounding epoxy flooring, concrete coatings, and resurfacing for industrial applications can be varied and often misleading. Choosing the right flooring solution for your warehouse, manufacturing facility, or factory floor is crucial. It needs to tick several important boxes:

- Fit for Purpose
- Industry Standards Compliance
- Optimal Slip Resistance
- Safety and Efficiency
- Seamless and Impervious
- Chemical and Abrasion Resistance
- Durable and Long-Lasting
- Cost-Effective

Urban Stone System

- 3 TOP COAT**
NON-YELLOWING POLYASPARTIC
